

Adding a network Printer to Mac

Karen Ranum - 2019-03-04 - Comments (0) - Mac

1. Click on the apple in the top left corner and select "System Preferences"
2. Select " Printers & Scanners"

4. Click "Add a Printer" by selecting the plus sign at the bottom of the window.

6. Drag the Advanced toolbar to the open space on the "Add Printer" window.

9. Select the drop down arrow next to Use: and choose Select Software
10. Use the search box in the upper right to find the printer model.
11. Select Add in the bottom right of the window.
