Adding a network Printer to Mac

Karen Ranum - 2019-03-04 - Comments (0) - Mac

- 1. Click on the apple in the top left corner and select "System Preferences"
- 2. Select " Printers & Scanners"

4. Click "Add a Printer" by selecting the plus sign at the bottom of the window.

6. Drag the Advanced toolbar to the open space on the "Add Printer" window.

- 9. Select the drop down arrow next to Use: and choose Select Software
- 10. Use the search box in the upper right to find the printer model.
- 11. Select Add in the bottom right of the window.
