[Archived] Hangouts Messenger

Justin Bezuhly - 2023-09-07 - Comments (0) - Google Apps

How to Add Google hangouts as a desktop messenger.

1. Open ***Chrome***.

×

2. Select ***More Tools*** > ***Extensions***

×

3. Select ***Get more extensions***.

×

4. Search for Hangouts.

×

5. Click the ***+ Free*** button on this version of ***Hangouts*** (there are two.)

×

6. Select **Add**.

×

7. Click on the newly added ***Google Apps*** box on your ***taskbar*** and select ***Hangouts***.

×

8. Click ***Sign in***.

×

9. Enter ***your email address*** with ***no password*** to be forwarded to the ***SOU login page***.

10. Enter your ***SOU credentials***.

11. Select ***Link Data***.

12. ***Congratulations***, Hangouts Desktop application is now installed and will start with Windows.
