CashNet Tuition and Payment Accounts for Family Members

Friends and family can use the CashNet system for electronic checking or savings payments and credit card payments. Students **MUST** initiate the process of creating a CashNet account, which will provide a designated family member (or other authorized payees) copies of the student's account statements and the ability to make payments online.

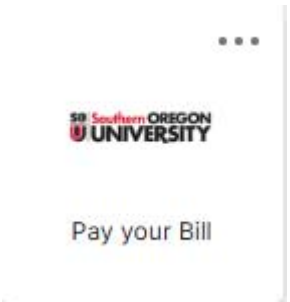

If you are a family member of a student, please provide them the link to this page and your email address so they can set up an account for you.

Payers have access only to make payments, payment history, and balance on the student account. They do **NOT** have access to financial aid, grades, or other online student information. **Payers** should use this link to directly access CashNet **after** their account has been set up.

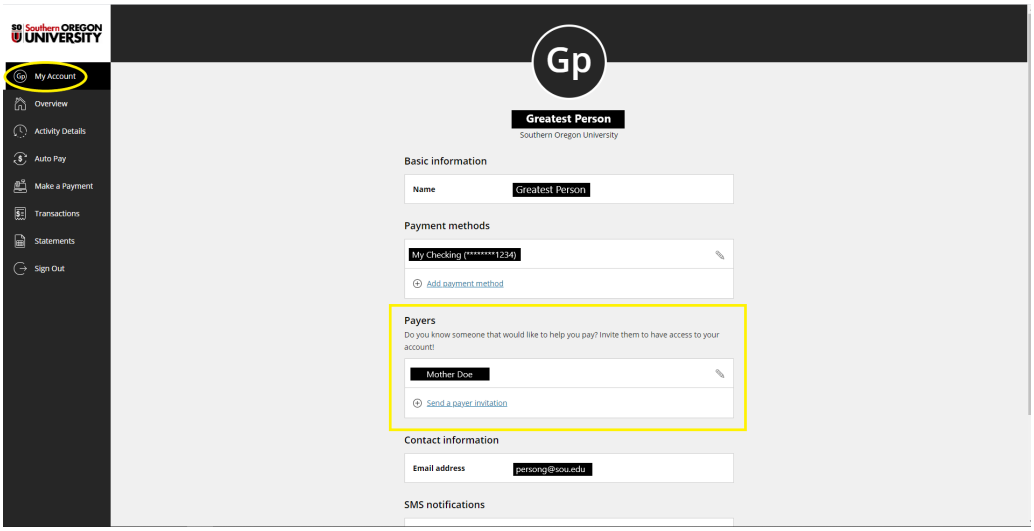

To create a Friends and Family Account:

- Log in to Okta (or use the direct links in this article)
- Click on the **Pay Your Bill** App on your Okta Dashboard
    - Note

      If you cannot find this app on your Okta Dashboard you can add the app. If you would like instruction on how to add an app click here. Alternatively, you can click here if you want to go directly to the site.

- Click on the **My Account** tab on the left-hand side of the screen.
- Under the **Payers** section, click on **Send a payer invitation**.

- Fill out the required information on the next screen to set up the person.

My Account

Payer Invitation

Payer information

* **First name**

Richest

* **Last name**

Person

* **Email address**

richperson321@gmail.com

* **Confirm email address**

richperson321@gmail.com

Payer access

Allow access to statements

Message to payer

Thank you for helping me out! Let me know if there are any issues :)

Maximum 250 characters
