

Faculty: Add (or Remove) Weeks/Topics

Hart Wilson - 2025-12-02 - [Comments \(0\)](#) - [Faculty](#)

If you need to adjust the number of sections in your course, here's how:

Add Sections

With editing turned on, scroll to the bottom of your course home page and click on the **Add topics** (or weeks) link. In the **Add topics** dialogue box, enter the **number of sections** you want to add, then click on **Add topics**.

Delete Sections

Sections have to be deleted one at a time. To delete a section, click on the **Edit** link associated with it, then click on **Delete topic**. Repeat as needed until you have the desired number of sections.
