

## Faculty: Determine Last Day of Attendance

Hart Wilson - 2022-06-20 - [Comments \(0\)](#) - [Faculty](#)

### Last Day of Attendance (LDA)

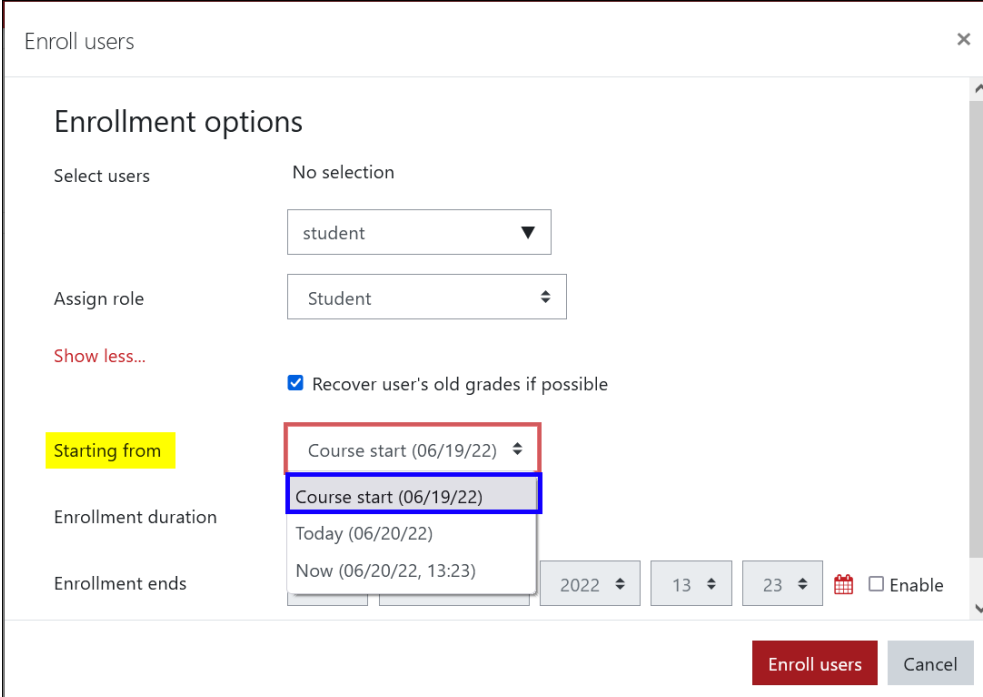

Federal financial aid regulations require us to document that students participated in courses for which they received aid. **For all students assigned F or NC grades, faculty need to report the last day of attendance (or interaction) with the student.** (It is not necessary to record an LDA for students who have withdrawn, although you may be asked on rare occasions to provide an LDA in that case.) You do not have to record "Attend Hours" except in the case of students who never attended class (see **No Shows** below).

### Determining the LDA

If you take roll in your course, you likely have a record of the last day a student attended. If you don't record class attendance but you do use Moodle, you can check activity logs to find out when a student last interacted with your course materials. For students assigned an F or NC in your course, follow these steps to [view a student's activity log](#) for your course.

### Students No Longer Enrolled in Moodle

If students have dropped the course and then been removed from Moodle, you'll need to [re-enroll them](#) in your course before you can check their activity logs. As you enroll them, click on **Show more....** to display enrollment options. Open the **Starting from** pull-down menu and select **Course start (date)**. Once you have re-enrolled the student, follow the instructions linked above to generate an activity log.

The screenshot shows the 'Enroll users' dialog box in Moodle. The 'Enrollment options' section is expanded. Under 'Select users', there is a dropdown menu with 'student' selected. Under 'Assign role', there is a dropdown menu with 'Student' selected. A link 'Show less...' is visible. A checkbox 'Recover user's old grades if possible' is checked. The 'Starting from' dropdown menu is open, showing three options: 'Course start (06/19/22)', 'Course start (06/19/22)', and 'Today (06/20/22)'. The 'Enrollment duration' is set to 'Now (06/20/22, 13:23)'. At the bottom, there are fields for year (2022), month (13), and day (23), along with a calendar icon and an 'Enable' checkbox. The 'Enroll users' and 'Cancel' buttons are at the bottom right.

### No Shows

For students who never attended or participated in your class, enter the date for the first class in the **Last Attend Date** field and a zero in the **Attend Hours** field. This combination indicates non-attendance. (You do not have to indicate Attend Hours for students who did participate in class activities.)

Grade	Rolled	Last Attend Date MM/DD/YYYY	Attend Hours 0-999.99
F ▼	N	04/02/2018	0
