Faculty: ProctorU Online Proctoring Service

Hart Wilson - 2023-04-07 - Comments (0) - Faculty

ProctorU is an online service that monitors students while they are taking exams at a time and location of their choice. This service is one of several proctoring options available to students.

If you plan to give students the option to use ProctorU when taking an exam, please read the **ProctorU Faculty Guide** and follow all instructions carefully.

For general instructions on creating and administering a proctored exam, refer to the **Faculty Guide for Administering a Proctored Exam**.
