### Accessing your voicemail from the Web

The image shows a black web interface for Southern Oregon University's voicemail login. At the top left is the logo with 'SO' in a red square, 'Southern OREGON' in white, and 'UNIVERSITY' in a large white font. Below the logo is the title 'SOU Voice Mail Login' in white. Underneath is the instruction 'Please login with your User ID and Password.' in white. There are two white input fields: the first is labeled 'User ID:' and the second is labeled 'PIN:'. At the bottom right is a white 'Login' button.

### Getting logged in

The new voicemail system has a web interface to help you better manage your messages and personal information. To access the web interface:

1. Open a web browser to the address <https://vmail.sou.edu>
2. Your User ID is your **5-digit extension**.
3. Your password is your **regular network login password**.
4. Click on the Login button

## The voicemail Dashboard

The voicemail Dashboard allows you to listen to and manage your voicemail from your computer.

## Managing your messages

### To listen to your messages

1. Select the mailbox containing the desired message
  - New messages will be highlighted as **bold** text
2. If you are using Safari:
  1. Click on the  button, you will see a "Loading..." icon (the message waiting indicator light on your telephone will turn off).
  2. Right-click on the "Loading..." icon and select "Download File"
  3. Select the File in the downloads to open it in iTunes.
3. If you are using another browser:
  1. Click on the  button to the right of the message (the message waiting indicator on your telephone will turn off).

### Renaming Messages

The web interface allows you to rename a message so that it is easier to find later, simply click on the subject of the message and enter your desired subject (up to 40 characters in length).

### Updating your personal information

To update your personal information, click on the "**My Information**" tab at the top of the Dashboard screen. The information in the Contact Information screen **is not used**.

The screenshot shows the 'My Information' settings page for voicemail. At the top, there is a navigation bar with 'Voicemail' and 'My Information' tabs. The 'My Information' tab is active. On the left, there is a sidebar with 'Contact Information' and 'Unified Messaging' (highlighted). The main content area is divided into several sections:

- Password:** Two text input fields for 'Password' and 'Confirm Password', both containing eight dots. A note below states: 'This is used for log in into the user portal or XMPP. Minimum length is 8'.
- Voicemail PIN:** Two text input fields for 'Voicemail PIN' and 'Confirm Voicemail PIN', both containing eight dots. A note below states: 'This is used for log in to voicemail. Numeric PINs are recommended, since only numbers can be dialed. Minimum length is 4'.
- Active greeting:** A dropdown menu set to 'Default system greeting'. A note below states: 'Voicemail prompt callers will hear before leaving a message.'
- Primary E-mail:**
  - E-mail address:** A text input field containing 'DoeJ@sou.edu'.
  - Voicemail notification:** A dropdown menu set to 'E-mail notification'. A note below states: 'The voicemail messages can be attached to the notification e-mail or not.'
  - E-mail format:** A dropdown menu set to 'Medium'. A note below states: 'This controls the format of the email sent for voicemail message notification. The formats are:'.
  - Attach audio:** A checked checkbox. A note below states: 'If checked, the voicemail message will be attached to the notification e-mail. Otherwise, the e-mail will contain a link to retrieve voicemail message.'
- Additional E-mail:**
  - Additional e-mail address:** An empty text input field.
  - Voicemail notification:** A dropdown menu set to 'No notification'.

An 'Apply' button is located at the bottom of the form.

## Update your PIN, Password, and E-mail notification settings

From the 'My Information' tab, click on the **Unified Messaging** link on the left-hand side of the screen.

### Your password

This password is set to your default network password, therefore cannot be set or changed here.

### Changing your PIN

1. Enter your new PIN
2. Confirm your new PIN
3. Click on the '**Apply**' button

### Changing/Activating a greeting

1. Click on the **Active Greeting** Drop-down menu
2. Select one of the following Greetings:
  - Default System greeting
  - Standard
  - Out of Office
  - Extended absence
3. Click on the '**Apply**' button

## Changing your e-mail settings

- **E-mail address:** The primary e-mail address is set to your SOU e-mail address and cannot be changed.
- **Voicemail Notification:** Using the **Voicemail Notification** drop-down menu, you can enable or disable e-mail notifications for new voicemail
- **E-mail format:** Here you can select the type of e-mail you would like to receive:
  - **Full:** The e-mail will include the **message length**, **telephone number** from which the call originated (if the call came from on campus, the caller-ID information will also be included), and a **link to listen** to the message on the web.
  - **Medium:** The e-mail will include the **message length**, and **telephone number** from which the call originated (if the call came from on campus, the caller-ID information will also be included)
  - **Brief:** The e-mail will include the **message length** and the **telephone number** from which the call originated (if the call came from on campus, the caller-ID information will also be included).
- **Attach Audio:** If this box is checked, you will receive a sound file **attached to your e-mail** so that you can listen to your message from your computer or smart phone. This also allows you to archive e-mail if you choose to do so.

You can also add an additional e-mail address, if you'd like to receive voicemail notification at a second e-mail address.
