How to Access Google Apps on the Web

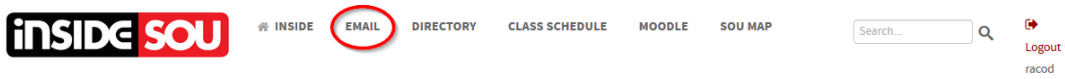

David Raco - 2025-06-13 - Comments (0) - Google Apps

This article will show you how to access all of the **SOU Google Apps** on the web.

Step 1 - Log in to your email account

The easiest way to get to all of **SOU Google Apps** is by accessing your **SOU Gmail account** first.

Login to Inside.sou.edu and then look for the **Email** link at the top of the page.

Step 2 - Open the Google App you want to use from the apps menu

Look for the **apps menu** icon in the top-right region of your **Gmail** screen.

Note

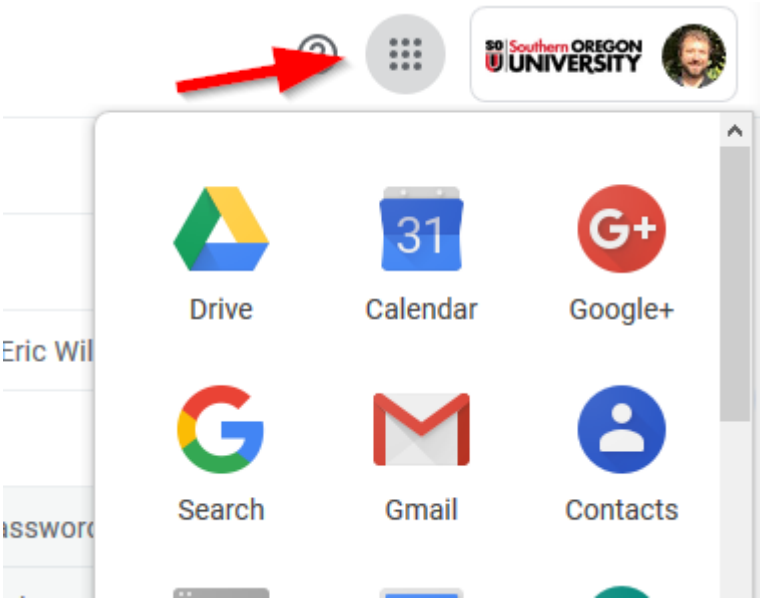

It is a **3-by-3 square** made up of **dots** located just to the left of your **profile icon** that includes the **Southern Oregon University** logo.

After you click on the **app menu** icon, you can select the **Google App** you wish to open.

It should launch in another **browser tab**.

Note

If you do not see an **app** that you are looking for, try scrolling down through the list.

If you require assistance with **Google Apps**, contact the **IT Helpdesk** at 541-552-6900 or helpdesk@sou.edu.
