How to Connect to SOU-Wireless (Mac)

David Raco - 2025-12-03 - Comments (0) - Mac

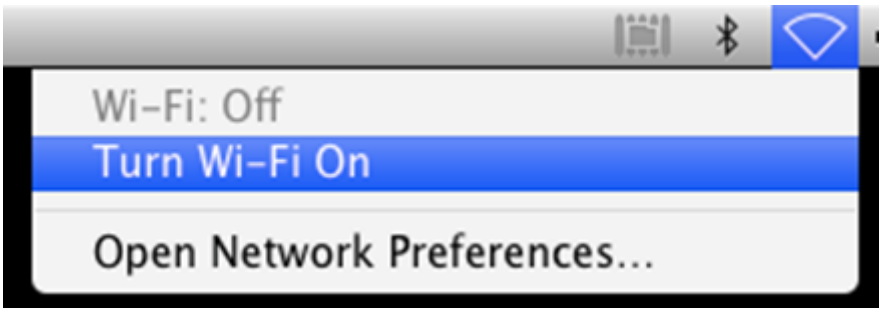

This article will walk you through how to connect to our open wireless network, **SOU-Wireless**, from any Wi-Fi-enabled Apple computer running **Mac OS**.

How to connect to a Mac OS:

1. Locate the **AirPort/Wi-Fi** status icon in the top-right corner of your screen.
    1. If this icon is missing, follow the instructions here to enable it.
2. 

    Note

    If your status icon appears blank as depicted below, you will need to enable your **wireless adapter** before proceeding. Just click the icon, then select **Turn Wi-Fi On** or **Turn AirPort On** depending on which version of Mac OS you're running.

    

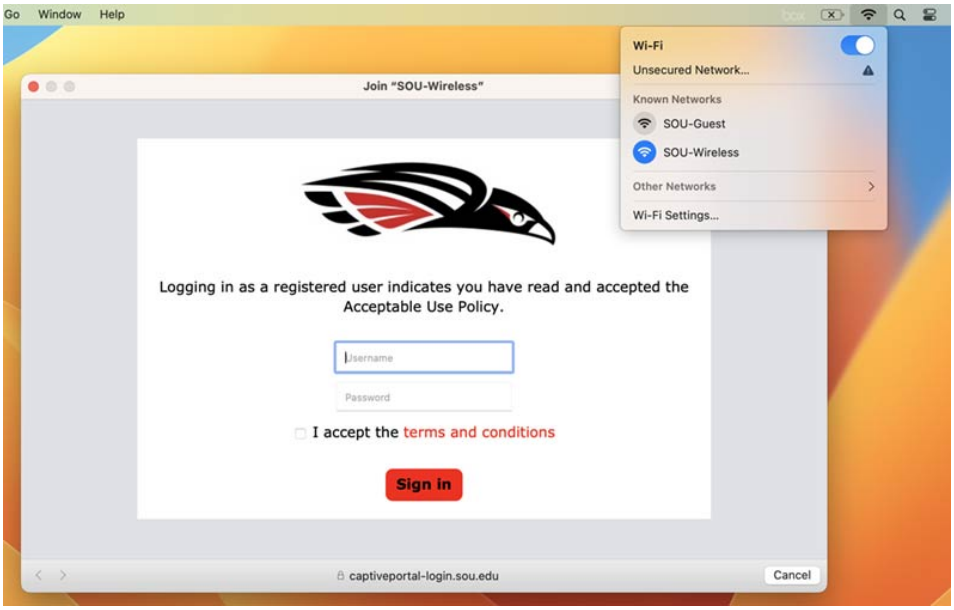

3. Once your wireless adapter is enabled, it should quickly present you with a list of all the available wireless networks within range of your computer. Find **SOU-Wireless** in the list and click on it.

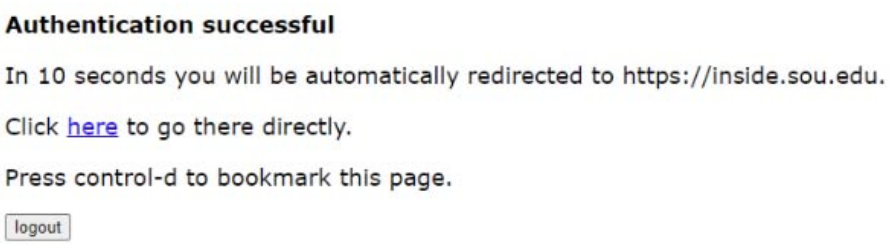

1. 

If you select SOU-Wireless you will need to follow the steps below to sign in:

1. A **Portal Login** window will open when you select **SOU-Wireless**, and ask for a username and password. Enter your **SOU school username** and password.

1. 

2. Upon successful authentication you will see the following message.

1.

3. You will now be able to use the network at SOU.
