

Link to a Website from a Google Site

Hart Wilson - 2022-04-19 - Comments (0) - Google Apps

To embed a link to a website (or Google doc) in a Google site, begin by entering text related to the link you wish to create in a text box. Then follow these steps:

1. Select the relevant text.
2. Click on the **Insert link** icon in the editing toolbar.
3. Copy the URL and paste it in the field provided (use Ctrl+V to paste).
4. Click on **Apply**.
5. Follow the link to ensure that it works correctly.

Remember to publish your site to display your changes to visitors to your site.

The image consists of two screenshots from a Google Site editor. The top screenshot shows the editing toolbar with the 'Insert link' icon highlighted in yellow. A red callout box points to the text 'This is my fabulous essay.' in the text box, with the instruction '1. Select text.' A yellow callout box points to the 'Insert link' icon, with the instruction '2. Click on Insert link.' The bottom screenshot shows the same text box with the text selected. A dialog box is open with the 'Text' field containing 'fabulous essa' and the 'Link' field containing 'https://drive.google.com/open?id=1h1'. A blue callout box points to the 'Link' field with the instruction '3. Paste URL.' A green callout box points to the 'APPLY' button with the instruction '4. Click APPLY.'

Normal text ▼ **B** *I* ☰ ☰ ☰ 🔗 🗑️ ⋮

● This is my fabulous essay. ●

<https://drive.google.co...> ✎ 🗑️

5. Test link.
