

Making Long Distance Calls

Michael Wagner - 2017-09-02 - Comments (0) - Telephone

Below are the directions for making both national and international long distance calls.

Making national long distance calls

To make a long distance call using your authorization code:

1. Listen for the dial tone.
2. Dial 9+1+area code+phone number
3. Wait for Recall (second) dial tone.
4. Dial your 7-digit authorization code number.

Making international long distance calls

To make a long distance call using your authorization code:

1. Listen for the dial tone.
2. Dial 9+011+country code+city code+phone number
3. Wait for Recall (second) dial tone.
4. Dial your 7-digit authorization code number.
