Students: Find a Missing Course

Hart Wilson - 2025-09-25 - Comment (1) - Students

Courses appear for you in Moodle after instructors make them available to you. Courses are found on our **Home** page as well as via links to our **Dashboard** and **My courses** in the top border of Moodle. In your Dashboard and My courses links, the **Course overview** section has a **Search** field where you can enter a course name or CRN and bring up a link to the course. Note that even courses that you have removed from view will appear in the search results.

Quick Tip: You can bookmark your dashboard or any main page of a Moodle course for quick reference! If you are not already logged into Moodle when you click on the bookmarked link, be sure to scroll down to the **SOU Account Login** link at the bottom of the log-in page.

Link to what to do if courses are missing.
