

## Students: See Instructor Feedback

Hart Wilson - 2021-11-19 - Comments (0) - Students

There are four places (at least!) in Moodle to look for feedback from your instructor:

1. The **gradebook**—click on **Grades** in the navigation panel in the left column of your course. [This article](#) has many more details for reviewing your grades.
2. In the activity link — for an **Assignment**, click on the link and **scroll down** below the submission status section to see comments and any file(s) returned to you by your instructor.

For a discussion forum, open the forum and click on **View grades**.

The screenshot shows a Moodle discussion forum interface. At the top, a light blue banner displays the due date: "The due date for posting to this forum is Sunday, May 24, 2020, 11:00 PM." Below this, there are two buttons: "Add a new discussion topic" (in a red box) and "View grades" (circled in red). A red arrow points from the "View grades" button to a modal window titled "Week 1 Discussion". The modal window shows the following details:

- Grade:** 8.33333 / 10
- Date:** April 16, 2020
- Grade status:** Graded

There are two sections of criteria, each with a dropdown arrow:

**Clarity of proposal**

- No contribution made or contribution(s) completely off-topic. 0 points
- Project objective not clearly stated. 1 points
- Project objective briefly identified with little detail. 2 points
- Project objective clearly expressed in detail. 3 points

**Additional feedback**

Your project goals are very clear.

**Understanding of key concerns**

- No contribution made or contribution(s) completely off-topic. 0 points
- Misses the main point; responses vague and unspecific. 1 points
- Hits some of the main points, but misses others. 2 points
- Expresses solid understanding of significant concerns. 3 points

**Additional feedback**

What about the risks you might encounter?

At the bottom right of the modal window is a "Cancel" button.

3. **User Menu**—open the user menu in the top right corner of any Moodle page.
4. **Attendance**—if your instructor has an Attendance link posted in your course site, you may find feedback posted along with your attendance status for a class session.

[This guide](#) explains how to view individual scores and feedback for submissions graded with rubrics and checklists.
