

Students: See Instructor Feedback

There are four places (at least!) in Moodle to look for feedback from your instructor:

1. The **gradebook**—click on **Grades** in the navigation panel in the left column of your course. [This article](#) has many more details for reviewing your grades.
2. In the activity link — for an **Assignment**, click on the link and **scroll down** below the submission status section to see comments and any file(s) returned to you by your instructor.
