Transferring a call directly to voicemail

To send a call to someone's voicemail without ringing the phone

- 1. Press **Transfer** on your phone
- 2. Dial the number "#99000" followed by the 5-digit extension (e.g. #9900026900).
 - $\circ\;$ Instead of a 5-digit extension, you can also use a speed dial button
- 3. Press the ${\bf Transfer}$ button again to complete the transfer
