Corrupt Update Causing Windows Machines to Not Boot

2024-07-19 - Stephen Lanning - Comments (0) - General

IT has responded to and resolved the majority of Windows machines with boot issues.

NOTE: This issue does not affect Mac computers.

If your machine is still affected, please try rebooting it to allow it to try to download the fixed update.

If your machine will still not boot, please send an email to helpdesk@sou.edu and we will respond as soon as possible.

Thank you for your patience.
