There will be intermittent authentication issues when logging in through [inside.sou.edu](https://inside.sou.edu).

Some services can still be reached directly by logging in through the service's portal, like the examples below.

- [mail.google.com](https://mail.google.com)
- [sou.box.com](https://sou.box.com)

We are striving to avoid any interruptions during the term, so we are actively working through potential issues.

Non-the-less, we are sorry for the inconvenience.
