Network Maintenance Saturday, June 22 8am-10am

2024-06-21 - Stephen Lanning - Comments (0) - General

IT will be performing necessary network maintenance this Saturday, June 22nd from 8 am to 10 am.

If all goes as expected, this should only take a short period of time within the two hour window. However, be aware that you may experience intermittent issues with network access, including internet access, during this time.

Thank you for your patience and cooperation as we make improvements to our network.
