RESOLVED: Banner, DUO and Moodle Issues as a result of AWS Service Outage 12/15/2021 7:52 am

2021-12-15 - Stephen Lanning - Comments (0) - General

UPDATE: AWS has resolved the temporary connectivity issue. Thank you for your patience!

We are aware of an ongoing network problem intermittently affecting Amazon Web Services (AWS) and other dependent SOU services. Known affected systems: Duo, Banner and Moodle

Please be patient while AWS resolves the issues . Please call our helpdesk at 541-552-6900 to report other outages.
