Windows 7 went [End of Life](#) on January 14, 2020. To protect our network we have started warning users who still have Windows 7 to upgrade to Windows 10 or another supported Operating System. Windows 10 Education is a free download from [SOU OnTheHub](#) should your current PC support Windows 10.

On February 12, 2020, devices which still have Windows 7 will not be able to connect to the Internet until they have been upgraded.
